Market Comments: Auctioneer James Culleton

Agents yarded a total of 11,143 head at Katanning, mainly consisting again of top quality Mutton. Crossbred Lambs saw an ease in the market today, due to quality. Stores remaining firm with good grazier support. Again Mutton very strong, with Fletchers going hard on all Trade and heavy weights with good skin values. Lighter Trade Mutton did ease today, with competition lacking on the older sheep, and Beaufort River being the only support. Good heavy Wethers getting very strong support from Fletchers and WAMMCO. Rams easing 20 dollars due to age and quality. 1st sale next week.
