

MUCHEA SHEEP REPORT 25th FEBRUARY 2020

A better quality yarding was presented this week off the back of a recently strong market, which continued.

The better quality lambs, although easing slightly, remained strong with top drafts selling between \$170 and \$180. The majority of the trade lambs realised \$140-\$160. Store lambs continued to be less supported with lightweights making between \$70-\$105.

Ewe mutton saw an increase in competition, rising up to \$10p/h with top shorn mutton making \$211, for wether mutton, with the vast majority selling between \$130-\$160. Light conditioned ewes eased slightly to be sold at \$55-80.

Light store wether lambs saw a significant jump with the majority at \$95-115. Lighter condition stock still attracted competition to sell between \$40-\$80.

Please ensure all stock is nominated to your landmark agent or store by 2pm Monday's.
